

# Work Projects Ready to Start Under the SERA

### County Is Asked to Provide Funds for Insurance, Materials, Etc.

Seventy-two work projects throughout Los Angeles county, uncompleted by the program of the Civil Works Administration, are "ready to go" under the SERA and await agreement by the county to provide workmen's compensation, public liability insurance, rentals and materials. One of these projects is the Lomita sewer, already partially completed. Such was the information conveyed to county officials last week by Frank Y. McLaughlin, newly-appointed director of the State Emergency Relief Administration for the county.

County officials contended that the county does not have the money to take care of the four items which the federal government believes the county should pay for. The information conveyed to county officials last week by Frank Y. McLaughlin, newly-appointed director of the State Emergency Relief Administration for the county.

These four items stand in the way of employment for 2,000 unemployed men in the county on May 1. McLaughlin told the supervisors at the conference in Supervisor Roger Jessup's office. At the end of three hours, no solution had been arrived at. The only possibility was to appeal to R. C. Braniff, federal and state unemployment relief administrator for California, and ask him to intercede with Washington officials, county officials concluded.

Everett Mattoon, county counsel and author of the Mattoon Act, cited the decision of the California supreme court that the county was not liable for payment of workmen's compensation insurance while on the county payroll and while employed on public works projects.

**CHRISTIAN SCIENCE CHURCHES**  
"Probation after Death" is the subject of the Lesson-Sermon on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. The Golden Text presents Jesus' words, from John: "I am the resurrection, and the life: he that believeth in me, though he were dead, yet shall he live; and whosoever liveth and believeth in me shall never die."  
Among the Bible selections in the Lesson-Sermon are these verses from Luke: "And as they thus spake, Jesus himself stood in the midst of them, and saith unto them, Peace be unto you. But they were terrified and affrighted, and supposed that they had seen a spirit. And he said unto them, Why are ye troubled? and why do thoughts arise in your hearts? Behold my hands and my feet, that it is I myself; handle me, and see; for a spirit hath not flesh and bones, as ye see me have."  
A passage from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states, "The Master said plainly that physique was not Spirit, and after his resurrection he proved to the physical senses that his body was not changed until he himself ascended. —in other words, rose even higher in the understanding of Spirit. God."

Natural gas for refrigeration, as in its other domestic services, is the best bargain of the household budget. Operating cost of an air-cooled Gas Refrigerator is only 1 1/2 to 3 cents a day. And economy is but one advantage of this modern refrigerator. It has no moving mechanical parts. It is permanently silent. A turn of a dial controls temperature for extra quick freezing or for defrosting. A flip of a trigger releases ice trays. There is a model to suit you; terms.

We wish there could be many more days of "Kitcheneering," just as many of you have wished. But there can't be... and tomorrow is the last day.

In many ways, it will be the most important of all three. For it features complete meals and breakfast dishes... and that sort of thing is... well, you know how important it is. So be sure to be on hand!

Yet... though this is the last day... "Kitcheneering" really doesn't end now!

You can practice it every day... and hear about it every week through the radio programs of Julia Lee Wright, Director of Safeway Stores Homemakers' Bureau. You'll do both, won't you?
